1. Registering on *E-Tender*

Registering on E-Tender is quick and easy!

To begin logging on using the E-Tender portal link, type in the company's website address in your preferred browser.

The following page will appear on your screen:

Select, **'Create an account'** as shown below:

You will be directed to the **'Register your Organization'** page.

On this page, ensure that you read thoroughly the website’s Terms and Conditions. Upon completion, click **‘Select to Accept’**. You will not be allowed to continue registering if you do not accept the website’s Terms and Conditions:

After accepting the Terms and Conditions, you will be directed to the **‘Company Information’** tab on your screen.

Here, you will be required to input basic company information in the blank fields provided as shown below:

Once you have finished inputting your basic company data on this screen, select the ‘**Account Information**’ tab, to begin entering your User account information as shown below:

The screenshot shows the 'e-Tender' logo at the top. Below it is the heading 'Register your Organization'. There are four tabs: 'Terms and Conditions', 'Company Information', 'Account Information' (which is highlighted with a red box), and 'Confirmation'. A note states: 'Information entered in this section is very important. It will be used on all transactions that occur on the eTender application. Some fields may not be editable once submitted.' The form fields are: Full Name (empty), E-mail (johndoe@domain.com), Username (empty), Password (empty), and Confirm Password (empty). There is a note under E-mail: 'NB: The email address must be valid. As it is eTender's main method of communicating with you'. At the bottom, there is an 'Upload Company Logo' section with a 'Browse...' button. At the very bottom, there are links: 'Forgot your password?' and 'Already have an account? Login Here'.

This screenshot shows the same 'e-Tender' registration form, but with the 'Account Information' tab selected and highlighted with a red box. The form fields are now filled: Full Name (john Doe), E-mail (johndoe@gmail.com), Username (jdoe1), Password (.....), and Confirm Password (.....). The note under E-mail remains: 'NB: The email address must be valid. As it is eTender's main method of communicating with you'. The 'Upload Company Logo' section and the bottom links are also visible.

Please note that the Username and Password you enter in this section is case sensitive and will be required to authenticate your account after registration for future entry into the system.

It is imperative that you secure this information so that no one else can have access to your account. Also, when creating your Username, you are **not to include special characters** and you are to be mindful of including extra spaces or creating hyphenated usernames.

Once you are comfortable with the information submitted in the **‘Account Information’** section, proceed to the **‘Confirmation’** tab. Here, select, **‘Register E-Tender Account’** to complete the process.

Once your registration is successful, you will receive the following confirmation:

Proceed to your email account and verify that you have received the confirmation email. This step is important because if you do not activate your newly created E-Tender account, you will not be

able to access E-Tender. Be sure to check your 'Junk Mail' and 'Spam' folders if you have not received your email.

When you get the email, select, copy the activation code and select '**Activate Account**':

You will be directed to a screen prompting you to enter your activation code. Once it is entered correctly, you will be prompted to log in using the credentials you entered when creating the account.

Congratulations! You are now registered to conduct business on ***E-Tender!***

2. Updating Company Details

At some point, you may need to update your company's business details on *E-Tender*. These details may include:

- Full Name
- Company Name
- Contact Information
- Company Address
- Company Logo

To begin editing/updating these details, select  as shown below:

The screenshot shows the E-Tender dashboard. On the left sidebar, the user profile section for 'Test Org 1' (John Doe) is highlighted with a red box. The profile section includes an information icon (i) and a settings icon (gear). The main dashboard area displays 'TOTAL RFPS' as 486, 'NEW MESSAGES' as 0, and a table of 'List of All RFPS' with columns for ID, REF, Tender, and Date Issued.

ID	REF	Tender	Date Issued

The following page will appear. Select 'View RFP info' as shown below:

The following page will appear. The area highlighted below will display the Vendor to whom the tender was awarded:

The Tender Standing Graph is also available for viewing as shown below:

11. Key Things to Note

Username and Passwords on E-Tender are case sensitive. It is important that you take note of this when creating your account and entering your account information upon log in. Additionally, to log in, you require your Username and Password, **NOT** your email address. Also, please **do not include** special characters in your Username.

The Bidder is responsible for resetting his/her own password. This feature is available on your log in page as shown below:

Only when you have exceeded your log in attempts and are instructed to contact the Administrator are you to send an email to the Procurement representative of the Company, requesting a password reset.

With regard to bid submissions, it is important to give yourself ample time to upload your bid. If the tender closes at 10:00 am, it is ill-advised to start uploading your tender at 9:50 am. If you are uploading your bid submission and the closing time for the tender has passed, the system will **not** allow you to upload your bid submission even though you have already begun the process. To confirm if your bid submission was uploaded/received, check to see if you would have received an email. Additionally, to check the status of your bid submission in E-Tender, you can do the following:

Select, 'Tender Options' in your Supplier Navigation Pane and then select, 'Uploaded Tenders':

The status of the all of your tenders would be on display as shown below:

- 'Complete' means that your bid submission was successfully submitted.
- 'Incomplete' (if the tender is still open) means that no final submission was done i.e. you started the process but did not select 'Complete Submission'.
- 'Incomplete' (if the tender is closed) means that the submission received is incomplete i.e. you were unable to complete your bid submission.
- 'Not Uploaded' means that no submission was done for that specific tender.

If you have any queries or concerns, please feel free to reach out the Procurement Department.
